

FLU VACCINES ARE NOW AVAILABLE!

At Glenwood Medical Practice, we will be using the 2025 quadrivalent vaccine for the flu vaccination service.

Free Government Funded flu vaccines are available:

- For children 5yrs and under
- pregnant women
- 65+ years
- all individuals with medical risk conditions (Talk to your GP)
- all Aboriginal and Torres Strait Islander people

If *ineligible* for **Government funded vaccine**, the private flu vaccines are available for **\$20.00**

Please note, it is recommended to book your flu vaccinations with your regular doctor.

All fees must be paid for at the time of consultation. The fees reflect the time taken and complexity of your consultation. Where eligible, we can process your Medicare claim for you to receive your rebate straight into your nominated bank account.
