

# FLU VACCINES ARE NOW AVAILABLE!

Getting a flu vaccine is quick, easy and recommended for everyone aged 6 months and over.

Please see “2026 Flu Vaccines” on the website for the vaccines that Glenwood Medical Practice will be using.

**FREE Government Funded flu vaccines are available:**

- For children 5yrs and under
- pregnant women
- anyone 65+ years
- all individuals with medical risk conditions (Talk to your GP)
- all Aboriginal and Torres Strait Islander people aged 6months and over

If *ineligible* for **Government funded vaccine**, the private flu vaccines are available for **\$20.00**

**Please note**, it is recommended to book your flu vaccinations with your regular doctor.

All fees must be paid for at the time of consultation. The fees reflect the time taken and complexity of your consultation. Where eligible, we can process your Medicare claim for you to receive your rebate straight into your nominated bank account.
